We are pleased to launch

AMTAC

ANNUAL ADDRESSES

2007-2016

The Australian Maritime and Transport Arbitration Commission (AMTAC) provides dispute resolution services to the maritime and transport industry and works to promote education and scholarship relating to maritime law and to the practice of maritime arbitration in Australia and the Asia Pacific region.

Since its establishment in 2007, AMTAC has convened the AMTAC Annual Address, which have been presented by judges, academics, maritime law and arbitration practitioners and industry representatives.

In celebration of its 10th Anniversary in 2016, AMTAC has compiled and published all 10 Addresses in this one volume.

AMTAC hopes that you will enjoy reading AMTAC Addresses 2007-2016.
